

FLIGHTS

Tasmania's cool climate and fertile soils provide pristine growing conditions for cool climate wines. Whilst this predominantly means whites and pinot noir, our island state abounds in micro climates, soil variations and sub regions producing wines from many other varietals.

Our wine list aims to explore a range of Tasmanian wines across many varietals, vineyards and regions. To round out our list we have selected delicious examples from around mainland Australia and the world to contrast and complement. Can't decide where to start? You don't have to. Our curated wine flights offer a tasting experience to showcase the many styles throughout each variety.

Flights are equivalent to approximately 1.6 standard glasses
